

Let's...

Play games in the car

Let's try...

- playing a game of spotting all of the red cars
- singing with your child
- playing the 'Humming Game' – hum a song your child knows and see if they can guess the song. See if you can guess the song that they hum for you!

Why try this?

- children remember the fun experience they have with you and this helps build strong relationships and happy memories
- talking, singing and making up stories helps develop your child's imagination and language
- routine and being consistent helps your child to feel secure and stay safe
- spending time outside is important for your child's health and well-being
