

# Let's...

## Play games together

### Let's try...

- making a matching game using catalogue pictures
- making a dice using an old box
- making our own skittles using empty bottles

# Why try this?

- children remember the fun experience they have with you and this helps build strong relationships and happy memories
- talking, singing and making up stories helps develop your child's imagination and language
- routine and being consistent helps your child to feel secure and stay safe
- spending time outside is important for your child's health and well-being
