

Let's...

Share stories together

Let's try...

- looking at information books about things we're interested in
- turning off the TV when you read a story
- telling a story from memory – you can change it as much as you like!

Why try this?

- children remember the fun experience they have with you and this helps build strong relationships and happy memories
- talking, singing and making up stories helps develop your child's imagination and language
- routine and being consistent helps your child to feel secure and stay safe
- spending time outside is important for your child's health and well-being
